

STRATOGEN[®] FLOW

AMNIOTIC FLUID ALLOGRAFT

STRATOGEN[®] FLOW

STRATOGEN Flow is minimally manipulated, cryopreserved amniotic fluid from live, healthy cesarean births. This allograft is non-immunogenic and completes rigorous donor screening and testing to ensure safety. Amniotic fluid is known to contain viable cells, collagen substrates, growth factors, and extracellular matrix proteins involved in the complex wound healing process. STRATOGEN Flow is on the cutting-edge of regenerative medicine and may be used as a liquid wound covering.

A portion of all Biologics proceeds is donated to Smoky Mountain Service Dogs. This non-profit organization is dedicated to helping wounded veterans. Their mission is to enhance the physical and psychological quality of life for veterans with disabilities by providing custom-trained mobility-assistance service dogs. We are proud to partner with such an outstanding organization that gives back to those who served.
